Crane Operators in
Ireland and the U.K

Our Story

Established in 1995, Tusker has grown over the past three decades to become Ireland's leading specialist in heavy lifting, logistics, and construction solutions.

With a steadfast commitment to quality, integrity, and attention to detail, our team ensures every project is delivered to the highest standards.

Tusker's experts thrive on tackling challenging residential and commercial projects, employing innovative approaches to achieve outstanding results.

We are proud to operate in alignment with globally recognised Environmental Management standards, reinforcing our dedication to sustainability and responsible construction practices.

Precast Core Pfizer, Dublin

Provided Cranes and lifting solutions to assist Tusker contracts in erection of 8 no. Precast cores

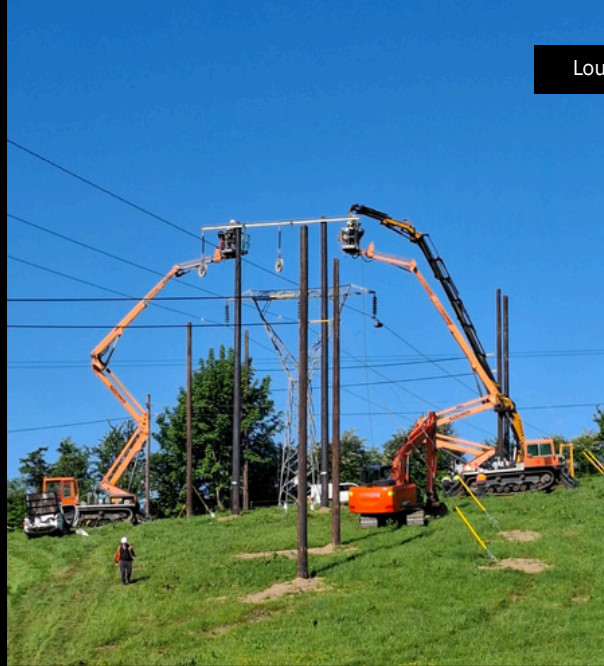

Why Tusker Crane Hire

- **End-to-End Solutions:** From consultation to execution, we manage every aspect of your lift.
- **State-of-the-Art Technology:** Ensuring safety, efficiency, and reliability.
- **Customisable Options:** Flexible hire terms tailored to your project needs.
- **Bespoke Lifting Solutions:** Thanks to our on-site steelworks, we can create custom lifting bars and equipment tailored to your project's specific needs.
- **Expert Team:** Highly trained operators and project managers dedicated to excellence.

Serving Ireland and the UK

With nationwide coverage, Tusker Crane Hire is your trusted partner for lifting solutions. Whether you require a single crane or a full-scale lifting strategy, our commitment to quality, safety, and innovation ensures your project is completed to the highest standard.

Our Crane Services

Lifting, Rigging & Crane Consultancy

Do you need expert guidance for your upcoming crane and logistics requirements? Leverage our decades of experience to receive professional advice tailored to your project. We conduct thorough assessments and provide an unbiased third-party review, offering key recommendations to optimise your processes, improve performance, and streamline execution.

Crane Operators and Rigging Labour

At Tusker, we believe our people are our greatest asset. Over the years, we have cultivated a team of highly experienced and qualified crane operators and rigging personnel. By partnering with our team, you gain access to professionals who deliver significant value to your project, saving time and money with their innovative, knowledgeable, and adaptable approach.

Crane Operators

Operating a crane is a precise skill that requires a blend of experience, intuition, and problem-solving expertise. Every one of our fully qualified crane operators possesses these traits. You can rely on your Tusker operator to navigate environmental, cost, and technical variables, ensuring seamless project delivery from start to finish.

Crane Maintenance

Whether responding to unexpected breakdowns or performing scheduled maintenance, we understand the importance of acting quickly and effectively to minimise downtime. Our experienced and qualified maintenance team is ready to mobilise efficiently, getting your operations back on track without delay.

Crane Hire Services

Whatever your heavy lifting requirements, our extensive fleet of cranes is equipped to provide the ideal solution while meeting all safety and licensing regulations.

Take advantage of our crane hire service with highly competitive rates. We also offer abnormal haulage services, ensuring your lifting and transportation needs are comprehensively covered.

Irish Cement

Health and Safety

At Tusker, safety underpins everything we do. Working in demanding environments, we strive to maintain the highest standards of health and safety to protect our most valuable asset – our people.

To achieve our 'zero harm' target, we have developed robust health and safety policies through extensive consultation across the company.

Key principles include:

- Embedding health and safety into every task we undertake.
- Training staff to identify, assess, and eliminate workplace risks.
- Empowering employees to report and resolve safety concerns swiftly.
- Believing that every risk can be mitigated with proper planning and action.
- Continuously refining our policies to meet the specific needs of each project.
- Building trust with our clients through safe and reliable work practices.

TUSKER

Other Services We Provide

We pride ourselves on being more than just a crane hire company. Alongside our extensive fleet of cranes, we offer a comprehensive range of additional services designed to meet the diverse needs of our clients. From steel fabrication and structural installations to bespoke construction solutions, our expert team delivers precision and reliability at every stage.

We also specialise in abnormal haulage, ensuring safe and efficient transport of oversized or heavy loads. With our expertise in material recycling facilities' design, manufacture, and commissioning, we are committed to innovation and sustainability. Whatever your project demands.
